

Diocese of Steubenville
Office of Christian Formation and Schools

**MEDICAL and/or RELIGIOUS CONVICTIONS
IMMUNIZATION EXCEPTION**

Diocesan Form M-2

As per Ohio Revised Code 3313.671, Division (A), Parents/Guardians are required to provide proof of immunizations for a pupil entering a diocesan Catholic elementary or high school (see backside of this form).

Ohio Revised Code 3313.671, Division (B) provides the following exceptions, which are permitted by law, from providing proof of required immunizations.

(1) A pupil who has had natural rubeola, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against rubeola.

(2) A pupil who has had natural mumps, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against mumps.

(3) A pupil who has had natural chicken pox, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against chicken pox.

(4) A pupil who presents a written statement of the pupil's parent or guardian, in which the parent or guardian declines to have the pupil immunized for reasons of conscience, including religious convictions, is not required to be immunized.

(5) A child whose physician certifies in writing that such immunization against any disease is medically contraindicated is not required to be immunized against that disease.

Parents/Guardians who wish to claim an exception from providing proof of required immunizations for their child must complete and submit this form to the school office within 14 days of the first day of attendance.

I, the parent or guardian of the below named child, hereby claim exception to the immunization(s) listed for the following reasons: (Please list the immunizations and the reasons for the exception)

I further understand that during the course of an outbreak of any of the afore-mentioned vaccine-preventable diseases that the child named here is subject to exclusion from school for the duration of the outbreak.

(Over)

This action is necessary not only to protect this student, but the remainder of the students and faculty of the school.

Ohio Revised Code 3313.671 Proof of required immunizations - exceptions.

(A)

(1) Except as otherwise provided in division (B) of this section, no pupil, at the time of initial entry or at the beginning of each school year, to an elementary or high school for which the state board of education prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code, shall be permitted to remain in school for more than fourteen days unless the pupil presents written evidence satisfactory to the person in charge of admission, that the pupil has been immunized by a method of immunization approved by the department of health pursuant to section 3701.13 of the Revised Code against mumps, poliomyelitis, diphtheria, pertussis, tetanus, rubeola, and rubella or is in the process of being immunized.

(2) Except as provided in division (B) of this section, no pupil who begins kindergarten at an elementary school subject to the state board of education's minimum standards shall be permitted to remain in school for more than fourteen days unless the pupil presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized by a department of health-approved method of immunization or is in the process of being immunized against both of the following:

(a) During or after the school year beginning in 1999, hepatitis B;

(b) During or after the school year beginning in 2006, chicken pox.

(3) Except as provided in division (B) of this section, during and after the school year beginning in 2016, no pupil who is the age or older than the age at which immunization against meningococcal disease is recommended by the state department of health shall be permitted to remain in a school subject to the state board of education's minimum standards for more than fourteen days unless the pupil presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized by a department of health-approved method of immunization, or is in the process of being immunized, against meningococcal disease.

(4) As used in divisions (A)(1), (2), and (3) of this section, "in the process of being immunized" means the pupil has been immunized against mumps, rubeola, rubella, and chicken pox, and if the pupil has not been immunized against poliomyelitis, diphtheria, pertussis, tetanus, hepatitis B, and meningococcal disease, the pupil has received at least the first dose of the immunization sequence, and presents written evidence to the pupil's building principal or chief administrative officer of each subsequent dose required to obtain immunization at the intervals prescribed by the director of health. Any student previously admitted under the "in process of being immunized" provision and who has not complied with the immunization intervals prescribed by the director of health shall be excluded from school on the fifteenth day of the following school year. Any student so excluded shall be readmitted upon showing evidence to the student's building principal or chief administrative officer of progress on the director of health's interval schedule.
